In a very quiet room.

When is your favorite time of the day to read and why?

Mostly at night because it's quiet and not many people are walking around.

The book *Dragon's Milk* by Susan Fletcher is a fantasy, fairy tale, adventure story. The main character is a strong willed girl with a lot of determination. The story is sad, but also exciting. The theme of the story is to always help everyone even if it is a dangerous journey.

Kaeldra seems to be adopted because she doesn't look like anyone else in her town. Her sister Lyf becomes sick with Vermillion Fever and the only cure is *Dragon's Milk*. Granmyr tells Kaeldra the story of her ancestors and that they were dragon slayers. Kaeldra has the power of visions and could be a dragon slayer, so Granmyr sends her to get the dragon's milk to heal Lyf. Do you think Kaeldra will get the milk?

Dragon's Milk is a very good book because I like dragons and I like how they tell how to get the dragon's milk. The characters are unique and are very brave. This book has a lot of adventure and makes me smile. It is fun to read and picture what the dragons look like. I recommend this book to anybody who likes dragons and adventure.
