When is your favorite time of the day to read and why?

Right before I get ready to go to sleep. This helps me relax before I fall asleep.

Free to Fall is a very intriguing story by Lauren Miller. This story is about a girl, Rory, who gets into her dream high school and faces many different obstacles while attending school there. Rory learns that life brings many surprises.

Rory has been dreaming to go to Theden Academy, and when she finds out she's been accepted it was a miracle for her. While at school, she meets this boy named Liam who wants her to join this secret society and she thinks it's an honor to be invited in it. She also meets this boy named North who helps her discover more about her past. After hacking many files and using clues her mom left her, they find out something about the secret society that shouldn't be known. Can Rory find a way to connect all the clues so she can stop the society?

Overall, this book is amazing and very adventurous. I couldn't stop reading this book. Anyone who loves stories that take place in the future would love this story. Read Free to Fall to see what Rory can do to save herself from the secret society.
