Who is your favorite Author and why?

Mary Pope Osborne because I love to read Magic Tree House books.

What genre do you prefer to read?

Action.

Where do you learn about books you might want to read in the future?

I learn in school and outside of school by my parents.

Where do you like to read best?

In a very quiet place alone.

When is your favorite time of the day to read and why?

Any time is my favorite time to read.

My book is about two kids and a dog. The main characters are Josh, who is 11, and Amanda, who is 12; they also have a dog named Petey. The family decides to move to a big house, but the kids don't want to go. Their new house is creepy because it is very dark and there are two giant dead trees that are in front of the house.

When they move it takes about three hours to get there. Petey runs away and Josh went to find him. When Amanda yells for him, he doesn't answer. She went to tell her parents. Amanda and her parents are looking for him, and they find him in a cemetery. When they get home Amanda sees someone in the window. Read more to find out what happens next to Amanda.

I like this book because it had a lot of details and it had a lot of creepy things in it. I dislike this book because they should put more details about the family.
