Noon, sometimes in the morning, and at night.

This book is very funny. It is about a family who lives in an apartment in New York. There are two brothers named Peter and Farley Hatcher. This book is the first book in a five book series. It is Realistic Fiction and funny. I recommend it to fourth graders and older. There is a boy that is in fourth grade and he is 9 years old. His brother is 3 years old and they go to all different places in New York, like the park and movies. I would give this book five out of five stars and I like this book very much! I wish I could read it again. I think it is very funny.
